**8. Declared performance:**

| The essential characteristics of the product for the intended use or uses: | Declared performance:                         | Comments |
|--|---|----------|
| The position of the side inlet - affects grooving with the side discharge  | T1  | -        |
| Temperature cycling  | Class A - application anywhere in the fitting | -        |
| Resistance to waste waters with periodic temperature 95°C                  | Meets the requirements                        | -        |
| Load resistance  | Class K3 – strength of 300 kg                 | -        |
| Throughput   | ≥ 0.42l/s                                     | -        |
| Dimensions   | Meets the requirements                        | -        |
| Water seal height ≥ 50 mm  | Meets the requirements                        | -        |
| Resistance to the water seal for vacuum ≥400 Pa                            | Meets the requirements                        | -        |
| Self-cleansing capacity  | Meets the requirements                        | -        |
| Preventing of congestion   | Meets the requirements                        | -        |
| Odor tightness   | Meets the requirements                        | -        |
| Water tightness of body  | Meets the requirements                        | -        |

9. The performance of the product identified above are compatible with all declared performances listed in section 8. This national declaration of commercial properties shall be delivered in accordance with the law of 16 April 2004 on the construction product, with the sole responsibility of the manufacturer.

10. The concentration of the substance referred to in Article 31 or Article 33 of Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006 does not exceed in an article 0.1% by weight.
